

# THE GAMES PEOPLE PLAY AT WORK

## AN ONLINE EMOTIONAL INTELLIGENCE SIMULATION

### WHAT IS THE GAMES PEOPLE PLAY AT WORK?

The Games People Play at Work is an interactive, emotional intelligence (EI) simulation where organizational leaders can encounter challenging situations in a simulated office environment. In this immersive experience, you will be a member of a company's leadership team and the interactions will help you develop your emotional literacy, recognize patterns, think consequentially, and demonstrate empathy—All skills that make up the 6 Seconds KCG Model of Emotional Intelligence.

### WHO CAN BENEFIT?

The Games People Play at Work is ideal for leaders in corporations, SMEs, non-profit organizations, and government agencies. The great news is you don't need previous exposure to emotional intelligence to benefit from this simulation. In fact, whether you are knowledgeable about EI or not, it will provide you with insights every step of the way!

**The Games People Play at Work helps leaders develop emotional intelligence skills necessary for:**

- Improving team engagement
- Building respect for diversity among co-workers and team members
- Enhancing communication
- Embracing change and helping others to do the same
- Building high performing teams
- Increasing your bottom-line

### PRICING

You can access The Games People Play at Work for a **\$15.00 monthly** subscription fee which you can cancel at any time. You can pay for an additional month if you would like to extend your subscription.

#### What you will receive:

- A 90 minute simulated learning experience
- An emotional intelligence infographic that provides insights you can use immediately
- A certificate of completion
- An emotional literacy report
- One month of access (Or more if you choose to continue to pay.)

### WHAT LEARNERS ARE SAYING:

"It really helped me improve my emotional intelligence." **GPPAW Learner**

"I enjoyed the Games People Play at Work, it is a fun way to learn. The simulation gave me the opportunity to interact with people with different personalities, helping me develop my emotional intelligence every step of the way. I continue to use what I learned from the simulation in my everyday interactions!" **Jose Sotillo**
